

I have appreciated the fact that I have not been deluged by telemarketers - I work everyday, five days a week and sometimes on week-ends. It is enjoyable, and I might add, stress free to enjoy my evening meals and sleep in on Saturday AND Sunday mornings without receiving calls at 8 AM and being pestered by telemarketers.

Please protect our rights - we pay for the use of the phone FOR OUR OWN USE - not for the use of unsolicited telemarketers.

Thank you.
